2021/2022 FALL-WINTER

NEW!

Future Gel
BRILL WHITE

Future Gel Brill White and Dual Flitter

White Future Gel with low-key glitter for sophisticated and elegant nails! The BrillBird Future Gel- Polygel Acrylic gel combines the excellent properties of the positive attributes of the acrylic and the gel.

WHY CHOOSE?

- it can be shaped for a long time
- does not heat
- does not flow
- easy to work with

We recommend the Future Forming Solution liquid for the application that saves the brush. Use the Future Gel product line together systematically but also you can combine them with gel and acrylic builders.

Matt splash top - white

Following the latest trends, our spray-on effect gel polish is now available in white! The special effect can be achieved with the tiny flakes of different sizes and shapes in the matte light gel, which, due to their fine material do not stick or protrude from the surface of the nail. If you want a shiny surface as a result, all you have to do is cover the nail with a layer of Extra top. Non-cleansing, flexible, soak-off. Shake the jar before you use it.

Curing time:
1 minute in UV
2 minutes in LED

WHITE

NEW!

Glitter top

A top gel with tiny, irregular shapes and smaller/larger shimmering flakes. As the light is being reflected on the surface, it gives a very nice effect to either a more classic or an extreme pattern. The flakes lie well on the nail, so the surface will be as smooth as it can be. A lighter effect can be achieved in one layer but stronger in two layers. Shake the jar well before you use it. Non-cleansing, flexible, soak-off.

Curing time:
1 minute in UV
2-3 minutes in LED

Designer Gel

THE STABLE PAINT GEL

Extrapigmented, thick art gel, which you can work with for almost unlimited time, does not flow, does not move. Apply it as thin as it possible for the perfect curing, and due to its superpigmentation, you still get a bright and full colors.

Try for contouring and for One Movement technique too! Non-cleansing, no top gel needed.

Curing time:
3-4 minutes in UV
1-2 minutes in LED

Hypnotic gel&lac

The Hypnotic gellacs still enjoy unbroken popularity!

What is their success?

- Highly pigmented colors
- Dense texture- does not flow near the lateral nail folds
- Perfectly, stripes-free
- Free of wear and yellowing
- Easier solubility, so even more nail-friendly
- It doesn't skin at all

Curing time:

2-3 minutes in UV
1-2 minutes in LED
