

BRILLBIRD

2022/2023 FALL-WINTER

1. NEW!

FUTURE GEL

PURPLE COSMOS, TURQUOISE COSMOS, FROSTY ROSE, AURORA

The long-awaited colorful glittery Future Gels have arrived! Now you can experience the combination of the excellent properties of gel and acryl and you can also finish the color application in one step! It is very easy and quick to work with, it can be shaped for an unlimited time, and it does not burn or flow.

Curing time:

1 min in UVLED
1-2 min in LED
2-3 min in UV

2. NEW!

FUTURE GEL

WHITE

Our white acryl Future gel has been renewed. Much harder and more durable than before! It retains its wonderful white color, does not get dirty, and does not become crumbly when filed! It has great adhesion so you can build nails that last for weeks.

Curing time:

2 min in UVLED
2 min in LED
4 min in UV

4. NEW!

MANI GEL EXTRA

HARD

Perfect cover color base gel! You can work with it faster thanks to its thinner consistency, even artificial nails (up to size M) can be filled with it as it cures to a hard. You can also use it for reinforced gel polish. It has less of a sticky layer than the Mani Gel Extras so you can directly apply the chosen color or even the top.

Curing time:

1 min in UVLED

8ml

MANI GEL EXTRA

Mani Gel Extra, our strengthening gel polish family that meets the latest needs, comes in 4 colors in a 15ml package! The most popular clear, cover dark, latte white and latte rose shades can now also be found in large packaging. Its super feature is that it has excellent adhesion even without Bond gel, it is dense, C-curves can be created more easily with it, and the material is harder and therefore more resistant. Very quick and easy to create nude or French nails as well as baby boomer nails. Even for problematic nails, it adheres very nicely and flawlessly.

Curing time:

1-2 min in LED

3 min in UV

15ml

1. NEW!

GLITTERS

In our glitter collection we have combined glitter and sequins of smaller and larger sizes and various shapes for an impressive effect. You and your clients will be amazed by the eye-catching sight.

Usage:

Scatter them to the Nail Art Glue Gel and rub the glitters into the surface. Cure it and close with top gel.

2. NEW!

CHROME FLAKES

Thin, easy-to-apply on the nail, charming pink colored and metallic shiny bronze flakes. It can be used in many ways, you can apply it even to the entire surface, but also you can achieve a special effect if you use it scattered on one color! Use it on a sticky surface or by spreading it on Nail Art Glue Gel, then close the nail with a top gel.

CHROME PIGMENTS

Create full, metallic-toned shiny nails in seconds! The clients will not only be there for the end result, but they will also be dazzled by the process!

Usage:

On full surface: Rub into a nail with *Extra Top* with a finger covered with a glove after curing it for 30 seconds (in Brill Pro lamp). Apply 2 layers of *Extra Top*. Cure the first layer for 10 seconds and the second layer for 1 minute.

In the case of pattern: Draw the design on a matte surface with non-cleansing material and then rub the chrome powder and after that use a top gel.

**CLEANER
OF THE READY
NAIL SET!**

3.

1. **NEW!**

SUPER FINISH CLEANER FRESH SCENT

Our Super Finish Cleaner was specially developed for the perfect end result. The dust can be easily removed by blowing off the completed set and the entire hand. Nourishes and gives a minimal shine to the skin, so we definitely recommend it for nail photography. Due to its oil content we do not recommend it during nail preparation or before painting patterns!

100 ml

4. **NEW!**

RAPID DIAMOND DRILL BIT

The name of our Rapid sanding head conveys its most important feature: it speeds up the manicure process, as it is sharp enough to fit under the skin and thick enough to lift the folds.
